SecureUSA Announces New CEO and Majority Woman Ownership

SecureUSA, the leading provider of perimeter defense solutions, announced the appointment of a new CEO and majority woman ownership

Atlanta, GA January 21, 2008 -- SecureUSA announced today the appointment of Carla Clark as the new CEO of SecureUSA, Inc.

Ms. Clark recently became the major shareholder in Global Business Alliance Ltd., parent company of SecureUSA. With a keen interest in the perimeter security market and an involvement in the company since its inception in 1995, Ms. Clark was appointed Chairman and Chief Executive Officer at the company's annual board meeting. With the changes in ownership SecureUSA is proud to be a majority woman owned corporation and is taking a strong stance in support of affirmative action.

"We are in an exciting stage of our company's development and growth. The current management team has done an excellent job of developing SecureUSA's market and core operations over the previous years. 2008 has started with the award of several major projects totaling in excess of \$7 million. We look forward to building upon this momentum and setting new industry standards in the perimeter security market over the course of 2008", commented Ms. Clark.
